# Boimah G Konah

**FULL STACK DEVELOPER**

## SUMMARY

I am a full stack developer and software engineer with great knowledge in HTML, CSS, and JavaScript. In addition to my technical knowledge, I have experience as a student leader, organizing and supervising programs for students from my home country at my university. As a department assistant at my university, I have added to the body of knowledge in the field of software engineering. My love of business inspired me to get a diploma in accounting, demonstrating my spirit of entrepreneurship and desire to comprehend the financial side of managing a successful business.
